Mr. and Mrs. Rowell royally entertained the members of the Senior and Junior classes of the Sonoma High School at their home on Broadway on Friday evening of last week.

The latest political dope is that four candidates are already in the field for Superior Judge of this county, with two to be elected. These are Hon. Emmet Seawell and Thos. Denny to succeed themselves and Clarence F. Lea, the able District Attorney of this county, and Mrs. Fannie McG. Martin, who is now a practicing attorney in Santa Rosa, and ex-Superintendent of Schools of Sonoma County.

The Bachelor Maids.

A linen shower was given to the bride-to-be at the home of Miss K. Marmori last Wednesday afternoon. She was delightfully surprised with many beautiful embroidered linen pieces, which were given to her by the members and other friends. The wedding will take place in the near future.

Dancing School.

Miss Adele Livernash will open a dancing school for children in Union Hall this afternoon (Saturday, February 14th), from 3 to 5 and on Monday evening there will be an adult class from 8 to 10.

In connection with this school private lessons will be given in the Argentine and Parisian tangoes and all the latest society dances.

Chas. Spindler, the well-known traveling man and a leading citizen of this valley, who is making a tour of the world in the interest of Witteman & Co. of New York, who is handling some of his inventions, writes us from Panama that he has taken in the big ditch and is well-pleased with the great undertaking of joining the Atlantic and Pacific oceans. He left for Lima, Peru, on January 25th.

Some Dancing Community This

Several dances are advertised to be held in various parts of Sonoma Valley. To-night at Agua Caliente Springs the masquerade ball to be given by the Cave Dale Improvement Club will take place. This promises to be a big affair.

A grand valentine ball will also be held this evening in Chauvet Hall ("Harry's Inn," Glen Ellen. This event will bring together all the party-loving people of Glen Ellen and vicinity and not a few from Sonoma.

The second annual ball of the El Verano Improvement Club will take place in the ball room of the Hotel Bellevue, El Verano, on the evening of Saturday, Feb. 21st. There will be a big turn out to this affair as many admission tickets have been disposed of by the enterprising members of the club.

The Women of Woodcraft of Glen Ellen have posters out announcing a grand masquerade ball in Merwyn Hall for Saturday evening, Feb. 21st. The floor will be under the management of Mrs. Grace Weise and G. O. Cobb.

The Sonoma Valley Woman's Club will observe Washington's Birthday with a grand ball in Union Hall on Monday evening, Feb. 23rd.

The Embarcadero Improvement Club also announces a country dance to be given in the Schellville Hotel ballroom on the evening of Sunday, March 1st. For this event 500 admission tickets have been printed and as the members are all live wires they expect to dispose of every one of them.

The Catholic Ladies Aid Society, not to be behind the times, is preparing for an entertainment and dance in Union Hall on the evening of March 17th (St. Patrick's Day).

To cap the climax of all these parties and balls, Miss Adele Livernash will open a dancing school in Union Hall this afternoon.

STANDARD OIL CO. TO LOCATE HERE

Will Erect a Station on the Snyder Tract East of Town—Work of Erecting Buildings and Tank Houses to Commence at Once

C. O. Flint of San Francisco, representing the Standard Oil Co., was in town on Thursday of last week and consummated a deal with Mrs. R. J. Snyder for a tract of land alongside the Northwestern Pacific railroad right of way about half-a-mile east of town for a station here.

The recently re-organized Sonoma Valley Chamber of Commerce took up this matter with the Standard Oil people a few weeks ago with the result that a station for handling its products for this section is now an assured fact.

Work of erecting buildings and tanks on its recent purchase will be commenced at once by the Standard Oil Co.

N. B.—Take notice. I am about to do what I never did before. If there is no one else who will hold before the people of Sonoma the nation's mighty dead we will, and invite the inhabitants of this town from every clime and nation and sect and color to come and hear the gospel of good character. If a man would live his faith and change it into deeds; if he would make himself into benevolence and wisdom he would be a power. Touch a man with small pox and if you are in the proper condition you will take it, so you are apt to be made better by associating with a good man, reading about a good man, or hearing about a good man. Seeing a sermon or hearing a sermon in close vital touch with a human form stays in the mind and comes out in smiles and the sunshine of a kindly strong spirit. Nothing is as strong as love. Lincoln is a poem, a mighty thesis, a wise philosophy, an over-mastering spirit in a personal history. Come and hear about him next Sunday at 11 a. m.

Y. P. S. C. E., a modeler of fine character for the young, will meet at 6:30 p. m. Mrs. McAllister is leader.

At 7:30 p. m. we will tell you that we do not see how it is possible for a man to be good but he is guilty of the worst kind of crime because he will not take the cure. The remedy is sure if you take it according to the directions on the label of every bottle.

We expect Prof. Robinson, who was with the Men's League several months ago, to be with us very soon to give us one of his fine addresses.

IRRIGATION AND ELECTRIC PUMPS AND MOTORS

Mr. Editor:—A new era is before the farmers of your district, and all should be awake to opportunity. No power can benefit the farmer without indirectly rewarding the merchant, lawyer, banker and the whole labor class.

The great possibility of irrigation is now a reality, as the power lines of the California Telephone & Light Co. are being run through all the valleys north and south of Sonoma for the operating of pumps.

The U. S. Department of Agriculture says: "Undoubtedly the most interesting and important phase of recent progress in irrigation practice is found in the use of the pump as a source of supply. Wonderful results have been achieved in increasing the efficiency of pumps and motors and reducing their cost of operation. Individual owners have often secured water by boring or digging wells and the use of a pump, for much less than they could buy it from ditch companies, and thus are enabled to use more water and at more convenient times with less outlay."

These Government reports show fully instructions for:

Distribution of Irrigation Water. Locating the Farm Ditch. Method of Applying Water. Free Flooding.

Check System; Contour and Rectangular. Furrow System for Orchards and Hops.

Choice of System Method, Why. When should Water be Applied, (Farmers Bulletin No. 138).

Irrigation of Orchards, Farmers Bulletin No. 404—a valuable bulletin for irrigation, suggestion of fruits and berries and garden.

Farmers Bulletin No. 158 tells about "How to Build Small Irrigation Ditches," a necessary book for all who wish best results, as unless the ditch is right, disappointment will follow.

Bulletin No. 263 is "Practical Information for Beginners in Irrigation." Be sure and read this.

All the Bulletins are free by just writing to U. S. Department of Agriculture, Washington, D. C. Ask for all of these and also for the Farmers List of Bulletins, and you will find many other books you will want to study.

These books are free to every resident of the United States, but it is only the "live ones" who get them. Sonoma County has a live Horticultural Commission, who should be consulted for further information.

The land preparation and purchasing of a pump and motor is important at this time. To prepare most land for irrigation in your district will range from \$25 to \$35 per acre; some of course as low as \$10, but here let me say, do what you do well, as it is for all time, and great economy of water will result and quickly repay all costs.

A ten horse-power motor and pump of dependable manufacture will cost about \$450; a twenty horse power about \$550. Well borers are in the field from whom to get prices to figure cost as against a long run of eight or ten inch pipe at 16c per foot, to carry water to upper levels if pumped from the river.

The Company has representatives in the field for advising on all matters, or write to the general office at Santa Rosa. All farmers should prepare at once, or lose a whole year's benefits.

Yours Truly,
Manager California Telephone and Light Company.

BLACK POINT CUT OFF HIGHWAY

What a Metropolitan Daily Has to Say About a Project Taken Up by El Verano Development Association Less Than Eight Months Ago

[S. F. BULLETIN, Feb. 11, 1914.]

"Before the end of this week the counties of Napa, Sonoma and Marin will be asked to arrange means of raising their shares of \$370,000 for constructing one of the most important bits of road yet needed by this State.

"The road is the 45-mile stretch between Napa and Ignacio, Marin county, along the shores of the bay, known as the Black Point cut-off. Two bridges will have to be built and an expensive highway will have to be constructed over tide lands.

"The State Highway Commission has just issued its estimate of expenses. According to the pro rata division thereof, the State will contribute \$125,000, Napa county \$85,000, Sonoma county \$75,000 and Marin county \$60,000.

"Chairman C. D. Blaney, of the State Highway Commission, believes this section of road can be completed by the middle of 1915.

"Commercially and esthetically, it would be difficult to find a project more richly worth while. This is the only gap now remaining in the wonderful scenic highway encircling San Francisco Bay. When the road is completed, motorists can leave San Francisco, tour by way of San Jose, Oakland and Napa, thence back to Sausalito by dark, and in crossing the bay have a fine view of the Exposition illuminations. The distance is 190 miles.

"The Napa and Sonoma valleys, with their numerous resorts, are placed within an hour of the city, and a new road furnished to Sacramento. The growers and producers of these rich valleys will be enabled to bring their produce to the San Francisco market by auto truck at a fraction of the present time and expense.

At present it seems probable that Napa county will raise its share by bond issue, Marin by supervisory appropriation, and Sonoma county partly by appropriation and partly by district tax.

DEATH OF A PIONEER WOMAN

Mrs. Timothy Robin Passes Away at the Age of Seventy Six Years

Mrs. Timothy Robin, widow of the late V. G. Robin, pioneer residents of Sonoma, passed away in San Francisco last Monday at the ripe old age of 76 years.

The deceased lady leaves a large number of relatives to mourn her final leave-taking. These are Paul Robin of this city, Joseph Robin, Mrs. P. Navaret, Victoria and Adolph Robin, Mrs. M. French, and the late Flavia, Emily, Emile, Zelia and Victor Robin, aunt of Pauline Robin of this city and grandmother of Zelia and Alva French, Victor Navaret and Lola, Eugene, Paul, Edward and Florence Robin.

Deceased was born in this city 76 years ago and was the oldest Native Daughter in Sonoma county. The funeral took place here Thursday from the home of Miss Pauline Robin and was largely attended by relatives and friends.

"They Gotta Stop Kickin' My Dawg Aroun'."

"Every time I come to town The boys keep kickin' my dawg aroun' Makes no difference if he is a houn' They gotta stop kickin' my dawg aroun'."

In order to prevent the city from being quarantined by the State Board of Health, the City Trustees at their meeting held on the 4th inst., passed an ordinance for the muzzling and licensing of dogs, to prevent the spread of rabies in this State.

The ordinance is very strict and a violation of its provisions is punishable by a fine of \$50 or imprisonment in the City Jail for ten days or by both fine and imprisonment.

This is the penalty for the owner of the dog, while the offending cur, the real goat of the ordinance, is to be killed by the peace officer who gathers him in.

The owners of dogs, however, are congratulating themselves that their canines are to be executed under this drastic ordinance for its violation instead of themselves.

So mote it be. Moral: Tag and muzzle your dogs and do not worry.

An Acknowledged Authority on Registration Laws and the Landsborough "Acquittal."

One of the best authorities in California on our naturalization laws, F. J. Rodrigues, County Clerk of San Luis Obispo County, in writing to a citizen of this city, has this to say of the Landsborough "acquittal."

Dear Sir:—I am in receipt of your letter of the 2nd inst., in which you refer to a person who claimed citizenship by reason of the fact that he had been adopted by a naturalized citizen, and which said person, after a trial by a jury was acquitted of illegal registration, and in which you make reference to paragraphs 20 and 21 appearing on page 29 of my Manual of Instructions to registration clerks.

"With all due deference to the twelve men, good and true, who rendered a verdict of acquittal in the case of Mr. Landsborough, beg leave to state that my authorities for the wording of the paragraphs referred to in the Manual of Instructions to Registration Clerks is taken from a 'Treatise on the Law of Naturalization of the United States,' prepared by Frederick Van Dyne, printed at Washington, D. C. in 1909, and which book is a recognized authority on naturalization. On page 225 of Van Dyne on Naturalization appears the following:

"Citizenship cannot be conferred upon an alien child by adoption. The naturalization laws of the United States contain no provision as to the effect of adoption by an American Citizen on the status of an alien minor.

"Opinions of Secretaries of State.—A citizen of the United States cannot, by adopting a child of foreign nationality confer on such child the privileges of citizenship in the United States. (Mr. Fish to Mr. Rand, Jan. 6, 1872, 3 Moore's Int. Law Digest, 484.)

"The only mode of adoption by which a private person can confer citizenship upon an alien is that of marrying a female of foreign birth. (Mr. Fish to Mr. Morris, Feb. 26, 1870 3 Moore's Int. Law Digest 484.)"

Secretary Frelinghuysen in 1884, expressed the view that a child born abroad of foreign parents is not, by an act of adoption under a state law, brought within any of the provisions of the laws of the United States prescribing United States Citizenship. (Mr. Frelinghuysen to Mr. Willis, Feb. 21, 1884, 3 Moore's Int. Law Digest, 485.)

"Secretary Bayard in 1886 declined to grant a passport to a Chinese woman who had been adopted in China by an American citizen and who desired to go to Japan as a medical missionary in the service of an American missionary society. (Mr. Bayard to Mr. McCartee, Oct. 15, 1886, 3 Moore's Int. Law Digest, 485.)

"For the reasons above set forth I cannot agree with the verdict of the jury, and still contend that Mr. Landsborough is not a citizen of the United States, and not being a citizen was not entitled to be registered as a voter."

Respectfully yours,

F. J. RODRIGUES, County Clerk.

We give these expressions in justice to District Attorney Lea of this county, who has been violently assailed by the Expositor of this city, of which Landsborough is one of its editors, for doing his duty in prosecuting the case against Landsborough, not from any animus on the part of the Index-Tribune toward a rival "newspaper" man, who has been treated more than fairly in these columns in his efforts to escape the penalty of the law for violating the sacredness of the ballot, the principal bulwark of our Republic, but to set right before the people one of the most able, upright and conscientious public officials of Sonoma county—the Hon. Clarence F. Lea, the District Attorney.

District Attorney Lea and the Jury

The Sonoma County Herald and Sonoma Expositor, owned and controlled by J. K. Bigelow, the latter publication being edited by J. A. Landsborough, recently on trial for illegal registering and who was so fortunate as to be "acquitted" by a sympathetic jury, have had the temerity to vilify District Attorney Clarence F. Lea for doing his duty in prosecuting Landsborough as a violator of our election laws. Some people never seem to know when to let well enough alone and this appears to be the case with Landsborough and his ill-advised friends, who in their jubilation of having defeated the ends of justice by pleading ignorance of the law have seen fit to attack an honest public official for doing his plain sworn duty.

"These unwarranted attacks, among other things has brought out the following letter from one of the jurors who tried and "acquitted" Landsborough and which letter was published in the Santa Rosa Democrat and Republican, the latter part of last week.

This juror says:

"I have noticed an article in the Sonoma County Herald, which tried to induce its readers to believe that the district attorney was prosecuting a groundless charge against Landsborough.

"I was a juror in that case and think it only fair to say to the public that the article, in my opinion, is not fair to the district attorney. According to the facts in evidence and the instructions of the court, it was clearly shown at the trial that Landsborough was never adopted, and is not a citizen of this country, and was not entitled to register. He had even been warned by Judge DeHaven, according to his own admissions, that he might be prosecuted if he registered.

"I voted for his acquittal. Three of the jurors voted for his conviction on the first ballot. He was found not guilty because we concluded that there might be a doubt as to whether or not he fully knew that he had no legal right to vote. I see no occasion for fault-finding so far as the district attorney is concerned as he only did his duty in prosecuting the case.

"Mr. Landsborough's associates ought to be satisfied with his acquittal and in my judgment, they do themselves no credit, under the circumstances in this case, by trying to throw stones at an officer of the law for doing his duty in the matter.

We submit that an acquittal that still deprives Mr. Landsborough of citizenship isn't much to brag about.
